

MASON CITY CONFERENCE

The Mason City Conference gathered for its annual assembly to handle regular business, conference elections, Northeastern Iowa Synod nominations, and projecting projects and activities. During the year three scholarships were given for people attending the Global Mission Event. The Conference was pleased to provide financial support to the Cedar Valley/North Iowa Forum which provides continuing education for rostered leaders. A Rotational Sunday School workshop was available, with leadership from the Resource Center planning the event. A Safeguarding God's People workshop was scheduled, neighboring conferences were notified and invited to participate.

Coming together as conference congregations for sharing, and for encouraging one another is a great blessing. The Mason City Conference is grateful for funding from the Northeastern Iowa Synod which allows us to do ministry together.

Respectfully submitted,
Rev. Dr. Jennifer E. Edinger
