

## Director of Youth and Family Ministry

This person will be called by \_\_\_\_\_ Church to serve God by ministering the people of \_\_\_\_\_ Lutheran Church and the community of \_\_\_\_\_ by **PROMOTING** and **CORRDINATING**:

1. Classes and support groups for parents to help in their marriages and in the spiritual development of the Family.
2. Intergenerational Sunday School Experiences designed to allow families of all types to grow in the knowledge of the word and in faith.
3. Interscholastic youth programs in cooperation with other faith communities centered on asset building in Christian Love.
4. After school programs in cooperation with other faith communities and with the school system.
5. Ministries to single persons at \_\_\_\_\_ Lutheran and the wider community.

We conceive of this ministry as the beginning of a movement toward centering the spiritual growth and development of our children in the core family. We are not so much interested in immediate results as we are in a new spirit of collaboration and cooperation with those most influential with children, namely parents. As lay and pastoral leaders, we commit ourselves to educating ourselves and growing with our Youth and Family Minister so that our families might be strengthened and our community evangelized.
